

# Best Med Spa Clinic 2024 - Ontario & Excellence Award in Vegan & Organic Products 2024 - Ontario

Located in the heart of Orillia, Ontario, Anti-Aging Clinic & Dispensary Inc., is a leading medical aesthetic enhancement clinic that specializes in non-invasive medical aesthetic procedures. Operating from a state-of-the-art, 3,500 square foot modern facility, Anti-Aging Clinic provides its clients with everything they need to maintain healthy, youthful skin and a boost in self confidence. We speak with Co-Founders Blade and Ben Tiessen to find out more, as the clinic is awarded twice in the Small Business Awards 2024.

Founded by Blade and Ben Tiessen, the Anti-Aging Clinic & Dispensary Inc., has maintained its position as Orillia's premier MedSpa for two and a half decades. Blade and Ben have established themselves as esteemed figures in the industry, pioneering the shift towards natural treatments using energy-based devices along with cruelty-free, vegan, organic and natural products. Specializing in non-invasive cosmetic dermatology, body sculpting and medical wellness the Anti-Aging Clinic utilizes the areas most advanced devices and exclusive protocols to achieve optimal results that leave clients looking and feeling their absolute best.

"We specialize in what I call bionic beauty, stimulating the body's natural regeneration using advanced energy-based devices. The clinic is years ahead of most in our area," Blade tells us. "We also don't sell to our patients; instead we educate them giving our patients the tools to make informed decisions about their skin, weight, anti-aging and overall wellness."

Leveraging 40 years of global experience, co-owner Blade Tiessen has enjoyed international acclaim for his work in pioneering micro-

needling and educating various collagen induction therapies across North America.

Always favouring natural collagen promoting options before injectables or surgery, the clinic offers its clients a range of fabulous procedures and products to address most aesthetic issues. Whether welcoming a new or returning client, the clinic believes that communication and honesty along with the top equipment and technician experience are the keys to their patients success. Each procedure begins with a discussion of the patient's expectations and objectives, displaying the various options and price points to find a solution that best fits their needs. The entire process is documented throughout via professional patient photography to showcase and record the results, with all photographs securely stored in a medical app for future reference.

The Anti-Aging Clinic utilizes the latest technology to perform a myriad of non-invasive treatments, including facial lifting, skin tightening and rejuvenation, acne, rosacea, pigmentation and scar treatments and literally every "wrinkle" in-between.

**"We are the only clinic in our area that has the technology that we have and bio-stacks them to enhance the outcome for very natural results with little to no downtime" adds Ben Tiessen, celebrating 25 years experience in the industry.**

The Clinic also provides various non-surgical body sculpting treatments like permanent fat and cellulite reduction, muscle definition, full body collagen induction and skin tightening, advanced detoxification and stretch mark reduction. The clinic advises patients that a multiple modality approach is best and offers a range of complimentary wellness therapies, as well as treatments geared towards natural total body rejuvenation with a little relaxation and spa mixed in. For the average person looking to firm up and drop some inches and stimulate them to start living healthier choices to even body builders looking to fine tune areas of resistance the clinic offers the most advanced body sculpting technology on the Canadian market.

Associate and Medical Director Dr. Rodney Land has been practicing with the clinic for 10 years, expertly and artistically performing all the injectables and medical procedures the clinic offers.

At the forefront of industry innovation, the Anti-Aging Clinic adopts advanced technologies, such as Sylfirm® X, JetPeel®, TempSure® and Sofwave® to administer top-tier treatments. "We are excited to be the first in Canada to offer the new Pure Impact® featuring the world's first plyopulse technology by Sofwave®," Blade tells us. "Last year, the clinic won a Centre of Excellence Award from Sofwave® so we are very excited to be the first to have this emerging technology in Canada."

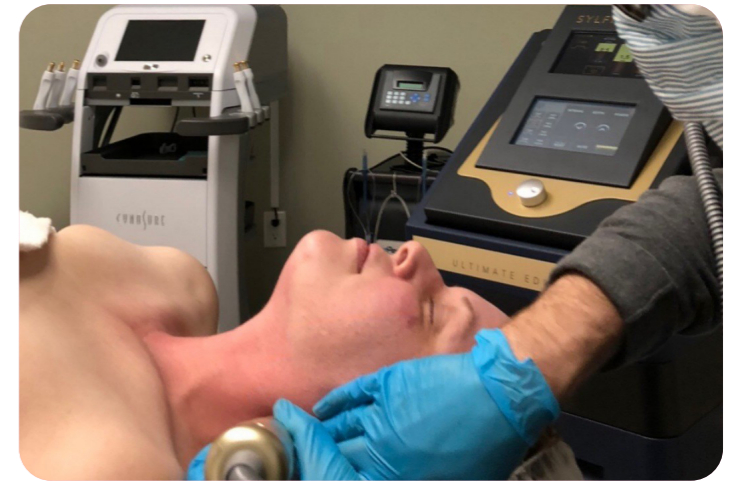

Sofwave® is a breakthrough ultrasound technology that promises its users no downtime, no needles, minimal pain and maximum results. Health Canada-approved for skin lifting, tightening and wrinkle reduction as well as tightening the upper arms, skin on the tummy and even cellulite. Sofwave® naturally induces collagen production within the skin providing a natural reduction in fine lines, wrinkles and lifting in a single treatment session, no matter the season, skin type, or skin colour.

The clinic has championed the mission for naturally healthy, youthful skin and will spare no cost in providing its patients with the very latest and greatest in skincare and body technology to continue delivering life-changing natural results.

What's more, the clinic's innovative skincare lines all curated by Blade are all vegan, cruelty-free, organic, environmental friendly and focus on the varying needs of his patients to further increase their results. These products, affordable and luxurious have enabled Anti-Aging Clinic to further earn the Excellence Award in Vegan and Organic Products 2024 - Ontario.

The clinic has amassed monumental recognition, both within its local community and on an international scale. The clinic has won multiple Readers' Choice Awards from local news channels, receiving a remarkable 43 awards over the last four years, with titles including Best Medical Clinic, Best Cosmetic Services and Best Weight-Loss Clinic. In addition to this, Anti-Aging Clinic has received the Chamber of Commerce Innovation Award in 2024, Corporate Vision's Botox Clinic Of The Year for Ontario award 2024 and has been rated number one on ThreeBestRated.com for the past six years.

But that's not all; the clinic has garnered countless glowing testimonials from clients past and present, raving about the efficacy of its treatments, the professional services provided and the all-around high quality that has come to be synonymous with Anti-Aging Clinic.

**"I've been having treatments for my face and the results are amazing," says Pamela. "The team is phenomenal and always punctual. The clinic is always clean and tidy, and they have the most up-to-date equipment available on the market. When I leave, my skin glows and I feel like a new woman. I have used other clinics in the past, locally, and nothing compares to the Anti-Aging Clinic. I highly recommend this clinic."**

"Blade and Ben are a fantastic team," states Michelle. "The atmosphere is beautifully relaxing and very zen. Blade, Ben, and their team are always very professional and caring. They are so knowledgeable with every treatment they provide. After each treatment, they always call to check in on your healing process and answer any questions. All of my treatments have been amazing and with them, I always achieve my beauty goals; I could not live without them. Anti-Aging Clinic is the best MedSpa out there, and I would never go anywhere else."

"Anti-Aging Clinic in Orillia is a must, and the only MedSpa to make you look and feel better," reports Sandra. "They have a client here for life. Blade and Ben genuinely care about the works and products they sell, making you the best you that you can be. The transformation is amazing, so enjoy the process and put your treatments in their hands. We are so lucky to have this available here in Orillia; clients often fly in from out of the country to receive treatments from Anti-Aging Clinic."

Since its inception in December of 2000, the Anti-Aging Clinic has successfully integrated itself into the Simcoe community, establishing itself as the premier destination for high quality MedSpa treatments. 25 years later and the clinic has proven itself as a trusted partner that truly cares about the health and wellbeing of its patients. For its passion, its expertise, and its excellence, the Anti-Aging Clinic has been awarded the title of the Best Med Spa Clinic 2024 - Ontario.

We at Corporate Vision magazine would like to congratulate Anti-Aging Clinic & Dispensary Inc., on its significant achievements in the Small Business Awards 2024 and look forward to future developments from the clinic.
